

Recommendation Letter

To Whom It May Concern,

It gives me great pleasure to provide this letter of recommendation for **Aishwarya Parab**.

Currently, I am the Managing Director of GirlScript Foundation. I have known **Aishwarya Parab** for almost a year. she initially joined GirlScript as a volunteer and later became part of the team as a Contributor.

I have worked with many volunteers and interns and I can surely say **Aishwarya Parab** was one of the most dedicated and talented individuals that I have come across. Being the part of GS core team, she guided various volunteers regarding everything: from social media content to team management to implementation strategies. She also led several teams at GirlScript, including a social media team consisting of graphic designers and content creators and a team of volunteer technical writers.

Her caliber in written and verbal communication made her a valuable asset to the organization thereby becoming an indispensable link between the core team and the rest of the organization.

She enhanced many other initiatives with his active contribution. **Aishwarya Parab** has a natural flair for management and a creative bend of mind makes her a great fit for any organization. her overall development as a professional and an individual is exemplary.
